

STATUE OF CUSTER, FAKE ADVERTISING SLAIN BY INDIANS WILL BE DISCUSSED

President Taft Orator on the Occasion of Unveiling of Tribute.

WIDOW PULLED THE CORD

GREAT GATHERING AT HOME TOWN OF HERO.

Monroe, Mich., June 4.—With President Taft in attendance as the orator of the occasion, the nation, state, city and adjacent farming district united here today in paying tribute to the memory of General George Armstrong Custer, who, with 354 of his cavalrymen, was slain by Sitting Bull's band of Sioux Indians at the battle of the Little Big Horn, in the Bad Lands of Montana, June 25, 1876.

An equestrian statue of General Custer, for which the legislature of Michigan appropriated \$25,000, was unveiled by the general's widow, Mrs. Elizabeth B. Custer, of New York, and among the other guests of honor was Kevin J. Custer, the cavalry leader's only surviving brother, who still resides on a farm near here in the neighborhood where the farmer and his military brothers passed their boyhood.

Governor Fred M. Warner was Michigan's official representative at the dedication, and veterans of the four Michigan cavalry regiments that comprised the Custer brigade in the civil war acted as escort of honor to the President in the parade.

Indian Scout Present.
An interesting participant was "Curly," the Indian who at the time of the battle was a young boy, and the only member of Custer's command to escape slaughter.

Thousands of visitors heard the address of President Taft, and there were many distinguished guests, including Mrs. John A. Logan, United States senator William Alden Smith and a number of General Custer's army comrades of the civil war.

After the exercises here, President Taft and his party went to Jackson, Mich., to participate in the dedication of a tablet commemorating the organization of the Republican party "under the oaks" at Jackson in June, 1854.

Senator W. A. Smith added a striking tribute to Mr. Taft to his eulogy of Custer. He declared that the present occupant of the White house would take rank with the most illustrious of our presidents.

"While you remember Grant, Lincoln, McKinley, Roosevelt and others of the illustrious line, our President of today, in character, in breadth of fitness, in determination, in patriotism and love of country, is the peer of them all," he said. When Mr. Roosevelt's name was mentioned there was a ripple of applause as the senator's tribute to Mr. Taft was concluded.

Address of President.
President Taft spoke extemporaneously. He declared that Custer took rank with the greatest cavalry commanders of the world.

"From Bull Run to Appomattox, in every bloody battle of the army of the Potomac, he was the right arm of the commander of the forces as the leader of the cavalry brigade."

The President declared that the phase of Custer's career, however, which appealed most deeply to him was his share in the Indian wars.

"He was one of the 25,000 men composing the regular army whose work we do not fully appreciate as much as we should. The army then and the army of today is one of which the United States may well be proud. I say this merely to note the indebtedness of the country to the army during the opening of the west and to testify to the effectiveness and heroism of George Armstrong Custer. In that great battle which continued for a decade, the great war for civilization of which he was the most conspicuous and shining sacrifice."

The case of G. T. Rigby, also convicted of violation of the license ordinance, was continued for sentence next Saturday.

MANY SICK INDIANS.

Washington, June 4.—Alarming health conditions at the White Earth Indian reservation in Minnesota have aroused the commissioner of Indian Affairs. Physicians have reported to Commissioner Valentine that of 586 Indians examined thus far, 195 were suffering from trachoma, 35 from tuberculosis and 75 from other diseases.
